

STATEMENT OF AGREEMENT
between
THE MASSACHUSETTS GENERAL HOSPITAL SCHOOL OF NURSING
and
THE MASSACHUSETTS REHABILITATION HOSPITAL

The Massachusetts General Hospital School of Nursing requests the privilege of utilizing the facilities of the Massachusetts Rehabilitation Hospital for a selected number of students during their First Year Nursing Course.

GENERAL PLAN

We request placement of two instructors with six students each for experience four days per week during the school year 1972-1973.

Term I October 9, 1972 - February 9, 1973

4 days per week - Monday, Tuesday, Thursday, Friday
(using Wednesday when there is a holiday week)

Hours - 4.5 hours per day (morning)

Term II February 19, 1973 - July 20, 1973

4 days per week - Monday, Tuesday, Thursday, Friday
(using Wednesday when there is a holiday week)

Hours - 7 hours per day

Each student has two consecutive days of clinical experience per week (one group on Monday and Tuesday; the other on Thursday and Friday). There are three planned clinical rotations per year; therefore the weeks of October 9, 1972, February 20, 1973 and May 29, 1973 are orientation weeks.

Vacation weeks for Freshman students are as follows: November 20, 1972; December 18, 25, 1972; January 1, 1973; February 12, 1973; and May 7, 1973.

During the third clinical rotation (June-July) to foster the belief of the faculty that the student should begin to function as a more independent health team member, requiring less direct instructor guidance, we request limited weekend experience for no more than three students per unit each weekend day. The instructor will make out the assignment and will prepare the student for its implementation but will not directly supervise the student for this learning experience.

Prior to the educational experience and continuous with it, there shall be close planning between the nursing staff of the Massachusetts Rehabilitation Hospital and the instructors of the Massachusetts General Hospital School of Nursing. Conferences shall be arranged, periodically, to evaluate the learning experiences.

The Massachusetts General Hospital School of Nursing shall assign one member of its instructional staff to act as a liaison with the Director of Nursing, Massachusetts Rehabilitation Hospital.

The Massachusetts General Hospital School of Nursing liaison faculty member will send the names of students and any pertinent information about them to the Massachusetts Rehabilitation Hospital prior to their assignment there.

The responsibility for instruction and supervision of the assigned students shall remain with the Massachusetts General Hospital School of Nursing.

The instructors will make a plan with the Director of Nursing, Massachusetts Rehabilitation Hospital, for orientation prior to the students' experience.

The responsibility for maintenance of the required standards of patient care shall remain with the nursing service of the Massachusetts Rehabilitation Hospital.

Individual student assignments shall be planned by the instructors of the Massachusetts General Hospital School of Nursing in conference with the appropriate nurses of the Massachusetts Rehabilitation Hospital. Reciprocal sharing of information about patient care shall be arranged by the instructor and the appropriate persons of the Massachusetts Rehabilitation Hospital (i.e. - staff planning conferences).

The Massachusetts General Hospital School of Nursing is responsible for the health supervision of the student nurses. Notice of student illness should be given to the appropriate person at the Massachusetts Rehabilitation Hospital. In general, first aid and emergency treatment will be given at the Massachusetts General Hospital. If it is necessary to provide such care at the Massachusetts Rehabilitation Hospital, the Massachusetts General Hospital School of Nursing should be notified.

When assigned to the Massachusetts Rehabilitation Hospital the men and women students will wear the standard School uniform with name pins. Men students remove the jacket when giving direct patient care.

The Massachusetts Rehabilitation Hospital shall provide:

- 1) Orientation of incoming students and instructors to the facilities and major policies and practices of the hospital.
- 2) Use of conference rooms and library facilities as available. The Massachusetts General Hospital School of Nursing instructor shall request and arrange for their use with the appropriate person.
- 3) The dining room facilities shall be available at coffee and lunch times, on a cash out of pocket basis, to the assigned students and faculty members of the Massachusetts General Hospital School of Nursing.

The Massachusetts General Hospital School of Nursing liaison faculty member will send the names of students and any pertinent information about them to the Massachusetts Rehabilitation Hospital prior to their assignment there.

The responsibility for instruction and supervision of the assigned students shall remain with the Massachusetts General Hospital School of Nursing.

The instructors will make a plan with the Director of Nursing, Massachusetts Rehabilitation Hospital, for orientation prior to the students' experience.

The responsibility for maintenance of the required standards of patient care shall remain with the nursing service of the Massachusetts Rehabilitation Hospital.

Individual student assignments shall be planned by the instructors of the Massachusetts General Hospital School of Nursing in conference with the appropriate nurses of the Massachusetts Rehabilitation Hospital. No sharing of information about patient care shall be arranged by the instructor and the appropriate persons of the Massachusetts Rehabilitation Hospital. (1.e. - staff planning conference).

The Massachusetts General Hospital School of Nursing is responsible for the health supervision of the student nurses. Notice of student illness should be given to the appropriate person at the Massachusetts Rehabilitation Hospital. In general, first aid and emergency treatment will be given at the Massachusetts General Hospital. If it is necessary to provide such care at the Massachusetts Rehabilitation Hospital, the Massachusetts General Hospital School of Nursing should be notified.

When assigned to the Massachusetts Rehabilitation Hospital the men and women students will wear the standard School uniform with name pins. Men students remove the jacket when giving direct patient care.

The Massachusetts Rehabilitation Hospital shall provide:

- 1) Orientation of incoming students and instructors to the facilities and major policies and practices of the hospital.
- 2) Use of conference rooms and library facilities as available. The Massachusetts General Hospital School of Nursing instructor shall register and arrange for their use with the appropriate person.
- 3) The dining room facilities shall be available at coffee and lunch times, on a cash out of pocket basis, to the assigned students and faculty members of the Massachusetts General Hospital School of Nursing.

REVIEW OF AGREEMENT

This agreement, when signed, shall remain in effect for one year. Before the end of the school year, 1972-1973, the Director of the Massachusetts General Hospital School of Nursing and the Director of Nursing, Massachusetts Rehabilitation Hospital shall review the year's experience and arrangements, and make plans for the succeeding year.

STATEMENT OF AGREEMENT
between
THE MASSACHUSETTS GENERAL HOSPITAL SCHOOL OF NURSING
and
THE MASSACHUSETTS REHABILITATION HOSPITAL

The Massachusetts General Hospital School of Nursing requests the privilege of utilizing the facilities of the Massachusetts Rehabilitation Hospital for a selected number of students during their First Year Nursing Course.

GENERAL PLAN

We request placement of two instructors with six students each for experience four days per week during the school year 1973-1974.

Term I October 8, 1973 - February 8, 1974

4 days per week - Monday, Tuesday, Thursday, Friday
(using Wednesday when there is a holiday week)

Hours - 4.5 hours per day (morning)

Term II February 18, 1974 - July 19, 1974

4 days per week - Monday, Tuesday, Thursday, Friday
(using Wednesday when there is a holiday week)

Hours - 7 hours per day

Each student has two consecutive days of clinical experience per week (one group on Monday and Tuesday; the other on Thursday and Friday). There are three planned clinical rotations per year; therefore the weeks of October 8, 1973, February 18, 1974 and May 27, 1974 are orientation weeks.

Vacation weeks and other weeks when Freshman students do not have clinical assignments are as follows: November 19, 1973, December 10, 17, 24, 31, 1973, February 11, 1974 and April 29, 1974.

During the third clinical rotation (June-July) to foster the belief of the faculty that the student should begin to function as a more independent health team member, requiring less direct instructor guidance, we request limited weekend experience for no more than three students per unit each weekend day. The instructor will make out the assignment and will prepare the student for its implementation but will not directly supervise the student for this learning experience.

Prior to the educational experience and continuous with it, there shall be close planning between the nursing staff of the Massachusetts Rehabilitation Hospital and the instructors of the Massachusetts General Hospital School of Nursing. Conferences shall be arranged, periodically, to evaluate the learning experiences.

The Massachusetts General Hospital School of Nursing shall assign one member of its instructional staff to act as a liaison with the Director of Nursing, Massachusetts Rehabilitation Hospital.

STATEMENT OF AGREEMENT
between
THE MASSACHUSETTS GENERAL HOSPITAL SCHOOL OF NURSING
and
THE MASSACHUSETTS REHABILITATION HOSPITAL

The Massachusetts General Hospital School of Nursing requests the privilege of utilizing the facilities of the Massachusetts Rehabilitation Hospital for a selected number of students during their First Year Nursing Course.

GENERAL PLAN

We request placement of three instructors with six students each for experience four days per week during the school year 1974-1975.

Term I Tuesday, October 15, 1974 to Friday, February 7, 1975

4 days per week - Monday, Tuesday, Thursday and Friday
(using Wednesday when there is a holiday week)

Hours - 4.5 hours per day (morning)

Term II Tuesday, February 17, 1975 to Friday, July 18, 1975

4 days per week - Monday, Tuesday, Thursday and Friday
(using Wednesday when there is a holiday week)

Hours - 7 hours per day

Each student has two consecutive days of clinical experience per week (one group on Monday and Tuesday; the other on Thursday and Friday). There are three planned clinical rotations per year; therefore the weeks of October 15, 1974, February 18, 1975 and May 27, 1975 are orientation weeks.

Vacation weeks for Freshmen students are as follows: November 25, 1974, December 16, 1974, December 23, 1974, December 30, 1974, February 10, 1975, April 28, 1975.

During the third clinical rotation (June-July) to foster the belief of the faculty that the student should begin to function as a more independent health team member, requiring less direct instructor guidance, we request limited weekend experience for no more than three students per unit each weekend day. The instructor will make out the assignment and will prepare the student for its implementation but will not directly supervise the student for this learning experience.

Prior to the educational experience and continuous with it, there shall be close planning between the nursing staff of the Massachusetts Rehabilitation Hospital and the instructors of the Massachusetts General Hospital School of Nursing. Conferences shall be arranged, periodically, to evaluate the learning experiences.

The Massachusetts General Hospital School of Nursing shall assign one member of its instructional staff to act as a liaison with the Director of Nursing, Massachusetts Rehabilitation Hospital.

STATEMENT OF AGREEMENT
between
THE MASSACHUSETTS GENERAL HOSPITAL SCHOOL OF NURSING
and
THE MASSACHUSETTS REHABILITATION HOSPITAL

This agreement, when signed, shall remain in effect for one year, from the date of its execution, 1974-1975. The purpose of this agreement is to provide for the use of the facilities of the Massachusetts Rehabilitation Hospital for the purpose of the Massachusetts General Hospital School of Nursing requests the privilege of utilizing the facilities of the Massachusetts Rehabilitation Hospital for a selected number of students during their first year nursing course.

GENERAL PLAN

We request placement of three instructors with six students each for experience four days per week during the school year 1974-1975.

Term I Tuesday, October 15, 1974 to Friday, February 7, 1975

4 days per week - Monday, Tuesday, Thursday and Friday
(noting Wednesday when there is a holiday week)

Hours - 8.5 hours per day (morning)

Term II Tuesday, February 17, 1975 to Friday, July 18, 1975

4 days per week - Monday, Tuesday, Thursday and Friday
(noting Wednesday when there is a holiday week)

Hours - 7 hours per day

Each student has two consecutive days of clinical experience per week (one group on Monday and Tuesday; the other on Thursday and Friday). There are three planned clinical rotations per year; therefore the weeks of October 15, 1974, February 18, 1975 and May 27, 1975 are orientation weeks.

Vacation weeks for freshman students are as follows: November 25, 1974, December 16, 1974, December 23, 1974, December 30, 1974, February 10, 1975, April 28, 1975.

During the third clinical rotation (June-July) to foster the belief of the faculty that the student should begin to function as a more independent health team member, regarding less direct instructor guidance, we request limited weekend experience for no more than three students per unit each weekend day. The instructor will make out the assignment and will prepare the student for its implementation but will not directly supervise the student for this learning experience.

Prior to the educational experience and continuous with it, there shall be close planning between the nursing staff of the Massachusetts Rehabilitation Hospital and the instructors of the Massachusetts General Hospital School of Nursing. Conferences shall be arranged, periodically, to evaluate the learning experiences.

The Massachusetts General Hospital School of Nursing shall assign one member of its instructional staff to act as a liaison with the Director of Nursing, Massachusetts Rehabilitation Hospital.

The Massachusetts General Hospital School of Nursing liaison faculty member will send the names of students and any pertinent information about them to the Massachusetts Rehabilitation Hospital prior to their assignment there.

The responsibility for instruction and supervision of the assigned students shall remain with the Massachusetts General Hospital School of Nursing.

The instructors will make a plan with the Director of Nursing, Massachusetts Rehabilitation Hospital, for orientation prior to the students' experience.

The responsibility for maintenance of the required standards of patient care shall remain with the nursing service of the Massachusetts Rehabilitation Hospital.

Individual student assignments shall be planned by the instructors of the Massachusetts General Hospital School of Nursing in conference with the appropriate nurses of the Massachusetts Rehabilitation Hospital. Reciprocal sharing of information about patient care shall be arranged by the instructor and the appropriate persons of the Massachusetts Rehabilitation Hospital (i.e. - staff planning conferences).

The Massachusetts General Hospital School of Nursing is responsible for the health supervision of the student nurses. Notice of student illness should be given to the appropriate person at the Massachusetts Rehabilitation Hospital. In general, first aid and emergency treatment will be given at the Massachusetts General Hospital. If it is necessary to provide such care at the Massachusetts Rehabilitation Hospital, the Massachusetts General Hospital School of Nursing should be notified.

When assigned to the Massachusetts Rehabilitation Hospital the men and women students will wear the standard School uniform with name pins. Men students remove the jacket when giving direct patient care.

The Massachusetts Rehabilitation Hospital shall provide:

- 1) Orientation of incoming students and instructors to the facilities and major policies and practices of the hospital.
- 2) Use of conference rooms and library facilities as available. The Massachusetts General Hospital School of Nursing instructor shall request and arrange for their use with the appropriate person.
- 3) The dining room facilities shall be available at coffee and lunch times, on a cash out of pocket basis, to the assigned students and faculty members of the Massachusetts General Hospital School of Nursing.

The Massachusetts General Hospital School of Nursing liaison faculty member will send the names of students and any pertinent information about them to the Massachusetts Rehabilitation Hospital prior to their assignment there.

The responsibility for instruction and supervision of the assigned students shall remain with the Massachusetts General Hospital School of Nursing.

The instructors will make a plan with the Director of Nursing, Massachusetts Rehabilitation Hospital, for orientation prior to the students' experience.

The responsibility for maintenance of the required standards of patient care shall remain with the nursing service of the Massachusetts Rehabilitation Hospital.

Individual student assignments shall be planned by the instructors of the Massachusetts General Hospital School of Nursing in conference with the appropriate nurses of the Massachusetts Rehabilitation Hospital. Recognition of information about patient care shall be arranged by the instructor and the appropriate persons of the Massachusetts Rehabilitation Hospital (i.e. - staff planning conference).

The Massachusetts General Hospital School of Nursing is responsible for the health supervision of the student nurses. Notice of student illness should be given to the appropriate person at the Massachusetts Rehabilitation Hospital. In general, first aid and emergency treatment will be given at the Massachusetts General Hospital. If it is necessary to provide such care at the Massachusetts Rehabilitation Hospital, the Massachusetts General Hospital School of Nursing should be notified.

When assigned to the Massachusetts Rehabilitation Hospital the men and women students will wear the standard school uniform with name plates. Men students remove the jacket when giving direct patient care.

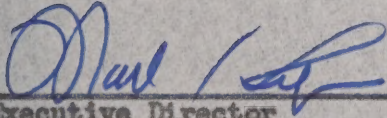

The Massachusetts Rehabilitation Hospital shall provide:

- 1) Orientation of incoming students and instructors to the facilities and major policies and practices of the hospital.
- 2) Use of conference rooms and library facilities as available. The Massachusetts General Hospital School of Nursing instructor shall request and arrange for their use with the appropriate person.
- 3) The dining room facilities shall be available as coffee and lunch times on a cash out of pocket basis, to the assigned students and faculty members of the Massachusetts General Hospital School of Nursing.

The Massachusetts General Hospital School of Nursing shall provide and submit to the Massachusetts Rehabilitation Hospital a plan with the Director of Nursing.

REVIEW OF AGREEMENT

This agreement, when signed, shall remain in effect for one year. Before the end of the school year, 1974-1975, the Director of the Massachusetts General Hospital School of Nursing and the Director of Nursing, Massachusetts Rehabilitation Hospital shall review the year's experience and arrangements, and make plans for the succeeding year.

STATEMENT OF AGREEMENT
between
THE MASSACHUSETTS GENERAL HOSPITAL SCHOOL OF NURSING
and
THE MASSACHUSETTS REHABILITATION HOSPITAL

The Massachusetts General Hospital School of Nursing requests the privilege of utilizing the facilities of the Massachusetts Rehabilitation Hospital for a selected number of students during their First Year Nursing Course.

GENERAL PLAN

We request placement of three instructors with six students each for experience four days per week during the school year 1975-1976. Depending on our attrition rate, we may need to decrease the number of students assigned to the clinical area during the last rotation.

Term I - October 13, 1975 - February 6, 1976

4 days per week - Monday, Tuesday, Thursday, Friday
(using Wednesday when there is a holiday week)

Hours - 4.5 per day (7:30 a.m. to 12:00 p.m.)

Term II - February 16, 1976 - July 16, 1976

4 days per week - Monday, Tuesday, Thursday, Friday
(using Wednesday when there is a holiday week)

Hours - 7 hours per day (7:30 a.m. to 2:30 p.m.)

During orientation week (February 16, 1976) students will be scheduled for experience from 7:30 a.m. to 12:00 p.m.

Vacation weeks for Freshman include: November 24, 1975, December 15, 22, 29, 1975, February 9, 1976 and April 26, 1976.

Each student has two consecutive days of clinical experience per week (one group on Monday and Tuesday; the other on Thursday and Friday). There are three planned clinical rotations per year; therefore the weeks of October 13, 1975, February 16, 1976 and May 24, 1976 are orientation weeks.

Weekend experience will be scheduled for approximately two to three students on Saturday or Sunday (7 hours per day) on each clinical area that we shall be utilizing during Rotation III from the week of May 31, 1976 through July 5, 1976. The objective of this experience is to provide the student with an opportunity to function with increasing independence; therefore the instructor will make out the assignment and will prepare the student for its implementation but will not directly supervise the student during this learning experience.

Prior to the educational experience and continuous with it, there shall be close planning between the nursing staff of the Massachusetts Rehabilitation Hospital and the instructors of the Massachusetts General Hospital School of Nursing. Conferences shall be arranged, periodically, to evaluate the learning experiences.

STATEMENT OF AGREEMENT
between
THE MASSACHUSETTS GENERAL HOSPITAL SCHOOL OF NURSING
and
THE MASSACHUSETTS REHABILITATION HOSPITAL

The Massachusetts General Hospital School of Nursing requests the privilege of utilizing the facilities of the Massachusetts Rehabilitation Hospital for a selected number of students during their First Year Nursing Course.

GENERAL PLAN

We request placement of three instructors with six students each for experience four days per week during the school year 1976-1977. Depending on our attrition rate, we may need to decrease the number of students assigned to the clinical area during the last rotation.

Term I - October 18, 1976 - February 11, 1977

4 days per week - Monday, Tuesday, Thursday, Friday
(using Wednesday when there is a holiday week)

Hours - 4.5 per day (7:30 a.m. to 12:00 p.m.)

Term II - February 21, 1977 - May 23, 1977

4 days per week - Monday, Tuesday, Thursday, Friday
(using Wednesday when there is a holiday week)

Hours - 7 hours per day (7:30 a.m. to 2:30 p.m.)

During orientation week (February 21, 1977) students will be scheduled for experience from 7:50 a.m. to 12:00 p.m.

Vacation weeks and other weeks during which students will not be scheduled for clinical experience: November 22, 29, 1976, December 20, 27, 1976, January 3, 1977, February 14, 1977, and May 2, 1977.

Each student has two consecutive days of clinical experience per week (one group on Monday and Tuesday; the other on Thursday and Friday). There are three planned clinical rotations per year; therefore the weeks of October 18, 1976, February 21, 1977 and May 30, 1977 are orientation weeks.

Weekend experience will be scheduled for approximately two to three students on Saturday or Sunday (7 hours per day) on each clinical area that we shall be utilizing during Rotation III from the week of June 6, 1977 through July 11, 1977. The objective of this experience is to provide the student with an opportunity to function with increasing independence; therefore the instructor will make out the assignment and will prepare the student for its implementation but will not directly supervise the student during this learning experience.

Prior to the educational experience and continuous with it, there shall be close planning between the nursing staff of the Massachusetts Rehabilitation Hospital and the instructors of the Massachusetts General Hospital School of Nursing. Conferences shall be arranged, periodically, to evaluate the learning experiences.

and
THE MASSACHUSETTS REHABILITATION HOSPITAL

The Massachusetts General Hospital School of Nursing requests the privilege of utilizing the facilities of the Massachusetts Rehabilitation Hospital for a selected number of students during their first year nursing course.

GENERAL PLAN

We request placement of three instructors with six students each for experience four days per week during the school year 1976-1977. Depending on our rotation rate, we may need to decrease the number of students assigned to the clinical area during the last rotation.

Term I - October 18, 1976 - February 11, 1977

4 days per week - Monday, Tuesday, Thursday, Friday
(using Wednesday when there is a holiday week)

Hours - 4.2 per day (7:30 a.m. to 12:00 p.m.)

Term II - February 21, 1977 - May 22, 1977

4 days per week - Monday, Tuesday, Thursday, Friday
(using Wednesday when there is a holiday week)

Hours - 7 hours per day (7:30 a.m. to 2:30 p.m.)

During orientation week (February 21, 1977) students will be scheduled for experience from 7:30 a.m. to 12:00 p.m.

Vacation weeks and other weeks during which students will not be scheduled for clinical experience: November 22, 29, 1976; December 20, 27, 1976; January 3, 1977; February 14, 1977; and May 2, 1977.

Each student has two consecutive days of clinical experience per week (one group on Monday and Tuesday; the other on Thursday and Friday). There are three planned clinical rotations per year; therefore the weeks of October 18, 1976; February 21, 1977 and May 30, 1977 are orientation weeks.

Weekend experience will be scheduled for approximately two to three students on Saturday or Sunday (7 hours per day) on each clinical area that we shall be utilizing during Rotation III from the week of June 6, 1977 through July 11, 1977. The objective of this experience is to provide the student with an opportunity to function with increasing independence; therefore the instructor will make out the assignment and will prepare the student for its implementation but will not directly supervise the student during this learning experience.

Prior to the educational experience and continuous with it, there shall be close planning between the nursing staff of the Massachusetts Rehabilitation Hospital and the instructors of the Massachusetts General Hospital School of Nursing. Conferences shall be arranged, periodically, to evaluate the learning experiences.

The Massachusetts General Hospital School of Nursing shall assign one member of its instructional staff to act as a liaison with the Director of Nursing, Massachusetts Rehabilitation Hospital.

The Massachusetts General Hospital School of Nursing liaison faculty member will send the names of students and any pertinent information about them to the Massachusetts Rehabilitation Hospital prior to their assignment there.

The responsibility for instruction and supervision of the assigned students shall remain with the Massachusetts General Hospital School of Nursing.

The instructors will make a plan with the Director of Nursing, Massachusetts Rehabilitation Hospital, for orientation prior to the students' experience.

The responsibility for maintenance of the required standards of patient care shall remain with the nursing service of the Massachusetts Rehabilitation Hospital.

Individual student assignments shall be planned by the instructors of the Massachusetts General Hospital School of Nursing in conference with the appropriate nurses of the Massachusetts Rehabilitation Hospital. Reciprocal sharing of information about patient care shall be arranged by the instructor and the appropriate persons of the Massachusetts Rehabilitation Hospital (i.e. - staff planning conferences).

The Massachusetts General Hospital School of Nursing is responsible for the health supervision of the student nurses. Notice of student illness should be given to the appropriate person at the Massachusetts Rehabilitation Hospital. In general, first aid and emergency treatment will be given at the Massachusetts General Hospital. If it is necessary to provide such care at the Massachusetts Rehabilitation Hospital, the Massachusetts General Hospital School of Nursing should be notified.

When assigned to the Massachusetts Rehabilitation Hospital the men and women students will wear the standard School uniform with name pins. Men students remove the jacket when giving direct patient care.

The Massachusetts Rehabilitation Hospital shall provide:

- 1) Orientation of incoming students and instructors to the facilities and major policies and practices of the hospital.
- 2) Use of conference rooms and library facilities as available. The Massachusetts General Hospital School of Nursing instructor shall request and arrange for their use with the appropriate person.
- 3) The dining room facilities shall be available at coffee and lunch times, on a cash out of pocket basis, to the assigned students and faculty members of the Massachusetts General Hospital School of Nursing.

The Massachusetts General Hospital School of Nursing shall assign one member of its instructional staff to act as a liaison with the Director of Nursing, Massachusetts Rehabilitation Hospital.

The Massachusetts General Hospital School of Nursing liaison faculty member will send the names of students and any pertinent information about them to the Massachusetts Rehabilitation Hospital prior to their assignment there.

The responsibility for instruction and supervision of the assigned students shall remain with the Massachusetts General Hospital School of Nursing.

September 8, 1976

Mrs. Eunice Dragone
Director of Nursing
Massachusetts Rehabilitation Hospital
125 Nashua Street
Boston, Massachusetts 02114

Dear Mrs. Dragone:

The Massachusetts General Hospital School of Nursing requests the privilege of utilizing the facilities of the Massachusetts Rehabilitation Hospital for a selected number of students during their First Year Nursing Course.

Specifically, we request placement of three instructors with six students each for experience four days per week during the school year 1976-1977 as follows: (Depending on our attrition rate, we may need to decrease the number of students assigned to the clinical area during the last rotation.)

Term I - October 18, 1976 - February 11, 1977

4 days per week - Monday, Tuesday, Thursday, Friday
(using Wednesday when there is a holiday week)

Hours - 4.5 per day (7:30 a.m. to 12:00 p.m.)

Term II - February 21, 1977 - July 18, 1977

4 days per week - Monday, Tuesday, Thursday, Friday
(using Wednesday when there is a holiday week)

Hours - 7 hours per day (7:30 a.m. to 2:30 p.m.)

During orientation week (February 21, 1977) students will be scheduled for experience from 7:30 a.m. to 12:00 p.m.

Vacation weeks and other weeks during which students will not be scheduled for clinical experience are as follows: November 22, 29, 1976, December 20, 27, 1976, January 3, 1977, February 14, 1977, and May 2, 1977.

We plan three clinical rotations per year, with the weeks of October 18, 1976, February 21, 1977 and May 30, 1977 as orientation weeks.

September 8, 1976

Mrs. Eunice Drayton
Director of Nursing
Massachusetts Rehabilitation Hospital
125 Nathan Street
Boston, Massachusetts 02114

Dear Mrs. Drayton:

The Massachusetts General Hospital School of Nursing requests the privilege of utilizing the facilities of the Massachusetts Rehabilitation Hospital for a selected number of students during their first year nursing course.

Specifically, we request placement of three instructors with six students each for experience four days per week during the school year 1976-1977 as follows: (Depending on our attrition rate, we may need to decrease the number of students assigned to the clinical area during the last rotation.)

Term I - October 18, 1976 - February 11, 1977

4 days per week - Monday, Tuesday, Thursday, Friday
(using Wednesday when there is a holiday week)
Hours - 1.5 per day (7:30 a.m. to 12:00 p.m.)

Term II - February 21, 1977 - July 18, 1977

4 days per week - Monday, Tuesday, Thursday, Friday
(using Wednesday when there is a holiday week)
Hours - 7 hours per day (7:30 a.m. to 2:30 p.m.)

During orientation week (February 21, 1977) students will be scheduled for experience from 7:30 a.m. to 12:00 p.m.

Vacation weeks and other weeks during which students will not be scheduled for clinical experience are as follows: November 22, 23, 1976, December 20, 27, 1976, January 3, 1977, February 11, 1977, and May 2, 1977.

We plan three clinical rotations per year, with the weeks of October 18, 1976, February 21, 1977 and May 30, 1977 as orientation weeks.

Weekend experience will be scheduled for approximately two to three students on Saturday or Sunday (7 hours per day) on each clinical area that we shall be utilizing during Rotation III from the week of June 6, 1977 through July 11, 1977.

Prior to the educational experience and continuous with it, there shall be close planning between the nursing staff of the Massachusetts Rehabilitation Hospital and the instructors of the Massachusetts General Hospital School of Nursing. Conferences shall be arranged, periodically, to evaluate the learning experiences. The Massachusetts General Hospital School of Nursing shall assign one member of its instructional staff to act as a liaison with the Director of Nursing, Massachusetts Rehabilitation Hospital.

The responsibility for instruction and supervision of the assigned students shall remain with the Massachusetts General Hospital School of Nursing.

All instructors will provide the Director of Nursing, Massachusetts Rehabilitation Hospital with a plan for orientation prior to the students' experience. Individual student assignments shall be planned by the instructors of the Massachusetts General Hospital School of Nursing in conference with the appropriate nurses of the Massachusetts Rehabilitation Hospital. Reciprocal sharing of information regarding patient care shall be arranged by the instructor and the appropriate persons of the Massachusetts Rehabilitation Hospital (i.e. - staff planning conferences).

The responsibility for maintenance of the required standards of patient care shall remain with the nursing service of the Massachusetts Rehabilitation Hospital.

The Massachusetts General Hospital School of Nursing is responsible for the health supervision of the student nurses. Notice of student illness should be given to the appropriate person at the Massachusetts Rehabilitation Hospital. In general, first aid and emergency treatment will be given at the Massachusetts General Hospital. If it is necessary to provide such care at the Massachusetts Rehabilitation Hospital, the Massachusetts General Hospital School of Nursing shall be notified.

When assigned to the Massachusetts Rehabilitation Hospital, men and women students will wear the standard School uniform with name pins.

It is understood that the Massachusetts Rehabilitation Hospital will provide orientation of incoming students and instructors to the facilities and major policies and practices of the hospital. The use of conference rooms and library facilities will also be provided as available. (The Massachusetts General Hospital School of Nursing instructor shall request and arrange for their use with the appropriate person.) It is further understood that students may use the dining room facilities, as available at coffee and lunch times, on a cash basis.

Weekend experience will be scheduled for approximately two to three students on Saturday or Sunday (7 hours per day) on each clinical area that we shall be utilizing during Rotation III from the week of June 6, 1977 through July 11, 1977.

Prior to the educational experience and continuous with it, there shall be close planning between the nursing staff of the Massachusetts Rehabilitation Hospital and the instructors of the Massachusetts General Hospital School of Nursing. Conferences shall be arranged, periodically, to evaluate the learning experiences. The Massachusetts General Hospital School of Nursing shall assign one member of its instructional staff to act as a liaison with the Director of Nursing, Massachusetts Rehabilitation Hospital.

The responsibility for instruction and supervision of the assigned students shall remain with the Massachusetts General Hospital School of Nursing.

All instructors will provide the Director of Nursing, Massachusetts Rehabilitation Hospital with a plan for orientation prior to the students' experience. Individual student assignments shall be planned by the instructors of the Massachusetts General Hospital School of Nursing in conference with the appropriate nurses of the Massachusetts Rehabilitation Hospital. Reciprocal sharing of information regarding patient care shall be arranged by the instructor and the appropriate persons of the Massachusetts Rehabilitation Hospital (i.e., staff planning conferences).

The responsibility for maintenance of the required standards of patient care shall remain with the nursing service of the Massachusetts Rehabilitation Hospital.

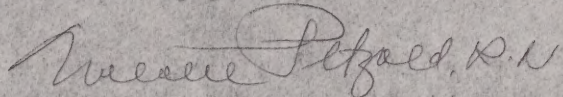

The Massachusetts General Hospital School of Nursing is responsible for the health supervision of the student nurses. Notices of student illness should be given to the appropriate person at the Massachusetts Rehabilitation Hospital. In general, first aid and emergency treatment will be given at the Massachusetts General Hospital. If it is necessary to provide such care at the Massachusetts Rehabilitation Hospital, the Massachusetts General Hospital School of Nursing shall be notified.

When assigned to the Massachusetts Rehabilitation Hospital, men and women students will wear the standard School uniform with name pins.

It is understood that the Massachusetts Rehabilitation Hospital will provide orientation of incoming students and instructors to the facilities and major policies and practices of the Hospital. The use of conference rooms and library facilities will also be provided as available. (The Massachusetts General Hospital School of Nursing instructor shall request and arrange for that use with the appropriate person.) It is further understood that students may use the dining room facilities, as available at coffee and lunch times, on a cash basis.

I hope the above terms and conditions are agreeable as stated and would appreciate written confirmation to that effect, from you.

up-

July 19, 1977

Ms. Eunice Dragone, Director of Nursing
Massachusetts Rehabilitation Hospital
125 Nashua Street
Boston, Massachusetts 02114

Dear Ms. Dragone:

The First-Level Nursing faculty of the Massachusetts General Hospital School of Nursing would again like to request to utilize the clinical facilities at the Massachusetts Rehabilitation Hospital for the freshman students during the 1977-1978 school year.

We should like to place six students each clinical day on each of three different clinical units. During this past year we have utilized M. R. H. 4, M. R. H. 6, and M. R. H. 7. For the 1977-1978 school year, we should like to request M. R. H. 6 and M. R. H. 7 and should like to talk with you about the possibility of substituting one other floor for M. R. H. 4. The request would include the period from October 17, 1977, through the week of July 17, 1978.

Depending on our attrition rate, it is possible that, for the second and/or last rotation, we may need to decrease the number of clinical units utilized by one unit. We shall keep you informed during the year if such a modification seems likely.

Overview of purposes for requesting these particular experiences:

We find it most advantageous to request the particular clinical areas cited and the particular hours cited because of the type of experience we are seeking for First-Level Nursing students. An important focus of the Nursing course is the development of ongoing skill in nursing assessment. This skill can be best accomplished in environments where the student has ample patient exposure;

I hope this shows better and conditions are improved as stated and would appreciate written confirmation to that effect. Yours truly,
Natalie Petrol

July 19, 1977

Ms. Eunice Dragoon, Director of Nursing
Massachusetts Rehabilitation Hospital
125 Nathan Street
Boston, Massachusetts 02114

Dear Ms. Dragoon:

The First-Level Nursing faculty of the Massachusetts General Hospital School of Nursing would again like to request to utilize the clinical facilities at the Massachusetts Rehabilitation Hospital for the freshman students during the 1977-1978 school year.

We should like to place six students each clinical day on each of three different clinical units. During this past year we have utilized M. R. 4, M. R. 5, and M. R. 7. For the 1977-1978 school year, we should like to request M. R. 4 and M. R. 7 and should like to talk with you about the possibility of substituting one other floor for M. R. 4. The request would include the period from October 1, 1977, through the week of July 17, 1978.

Depending on our attrition rate, it is possible that, for the second and/or last rotation, we may need to decrease the number of clinical units utilized by one unit. We shall keep you informed during the year if such a modification seems likely.

Overview of purposes for requesting these particular units:

Reasons:

We find it most advantageous to request the particular clinical areas cited and the particular hours cited because of the type of experiences we are seeking for First-Level Nursing students. An important focus of the nursing course is the development of ongoing skill in nursing assessment. This skill can be best accomplished in environments where the student has ample patient exposure;

Ms. Eunice Dragone, Director of Nursing

Page 2

July 19, 1977

utilizing times when visitors will not be present seems to facilitate this goal. The First-Level Nursing student needs an increased amount of time to administer basic nursing care to patients. Patients are more accessible to students at these times, so clinical supervision can better focus on the development of skills. We also feel that it is important not to cause further confusion on the clinical units by the students' presence during high stress times on the wards (i.e., end-of-shift turnover reports).

The following are vacation and other weeks during which students will not be scheduled for clinical experience:

November 21, 1977
November 28, 1977
December 19, 1977
December 26, 1977
January 2, 1978
February 6, 1978
February 13, 1978
May 1, 1978
July 17, 1978

Holiday weeks: The students will not be scheduled for clinical experience on holidays. During the weeks in which a holiday falls, clinical experience will be scheduled during the remaining four days of that holiday week with the exception of the July fourth holiday, when students will be scheduled only three days of that week. The following are the holiday dates:

Monday, February 20, 1978
Monday, April 17, 1978
Monday, May 29, 1978
Monday, July 3, 1978, and
Tuesday, July 4, 1978

First-Level Nursing 171

There will only be one clinical rotation for this course. For Rotation I we should like to request experience beginning the week of October 17, 1977, for four and one-half hours per day (7:30 a.m. to 12:00 p.m.), four days per week, utilizing Monday, Tuesday, Thursday, and Friday as clinical days.

First-Level Nursing 172

For the first rotation of this course, which we shall refer to as Rotation II, we should like experience to start the week of February 20, 1978, and continue through the week of May 15, 1978, for seven hours per day (7:30 a.m. to 2:30 p.m.), four days per week, utilizing Monday, Tuesday, Thursday, and Friday as clinical days and utilizing Wednesdays only during weeks in which there is a holiday. During the last week of this rotation (May 15, 1978), students will be scheduled for experience from 7:30 a.m. to 12:00 noon each day.

For the second rotation of this course, which we shall refer to as Rotation III, we should like experience again for seven-hour days to begin the week of May 22, 1978, and to continue through the week of July 17, 1978. On Friday, June 2, 1978, students will be scheduled for clinical experience only 7:30 a.m. to 1:00 p.m.

During this rotation we should like to request weekend experience. This experience would be scheduled for approximately two to three students on Saturday or Sunday (seven hours per day) on each clinical area we shall be utilizing. Weekend experience will be scheduled from the week of May 29 through the week of July 10, 1978. During weekend experience the student is expected to function with increasing independence; therefore, the student is expected to relate directly to the team leader. There will be no clinical instructor on duty Saturday and Sunday.

The clinical assignment for weekends will be posted on the preceding Friday by the clinical instructor on each unit. These assignments may not be changed. Alternate assignments will also be posted. Each clinical instructor will further discuss the details of this experience with head nurses on individual units.

As previously mentioned, it may be necessary to delete one clinical unit during Rotation II and/or Rotation III.

During all three rotations each student will be scheduled for medication administration experience with selected patients several times. Early and consistent exposure to medications, we feel, is necessary to instill in the beginning student a sense of the responsibility of the nurse for insuring careful and safe medication administration to patients.

First-level Nursing I

For the first rotation of this course, which we shall refer to as Rotation I, we should like experience to start the week of February 10, 1978, and continue through the week of May 12, 1978, for seven hours per day (7:30 a.m. to 2:30 p.m.), four days per week, utilizing Monday, Tuesday, Thursday, and Friday as clinical days and Wednesday as a holiday. During the last week of this rotation (May 12, 1978), students will be scheduled for experience from 7:30 a.m. to 12:00 noon each day.

For the second rotation of this course, which we shall refer to as Rotation II, we should like experience again for seven hours per day to begin the week of May 12, 1978, and to continue through the week of July 17, 1978. On Friday, June 2, 1978, students will be scheduled for clinical experience only 7:30 a.m. to 1:00 p.m.

During this rotation we should like to request weekend experience. This experience would be scheduled for approximately two to three students on Saturday or Sunday (seven hours per day) on each clinical area we shall be utilizing. Weekend experience will be scheduled from the week of May 12 through the week of July 10, 1978. During weekend experience the student is expected to function with increasing independence; therefore, the student is expected to relate directly to the team leader. There will be no clinical instructor on duty Saturday and Sunday.

The clinical assignment for weekends will be posted on the preceding Friday by the clinical instructor on each unit. These assignments may not be changed. Alternate assignments will also be posted. Each clinical instructor will further discuss the details of this experience with head nurses on individual units.

As previously mentioned, it may be necessary to delay one clinical unit during Rotation II and/or Rotation III.

During all three rotations each student will be scheduled for medication administration experience with selected patients several times. Early and consistent exposure to medications, we feel, is necessary to instill in the beginning student a sense of the responsibility of the nurse for knowing careful and safe medication administration to patients.

Ms. Eunice Dragone, Director of Nursing

STATEMENT OF AGREEMENT
between
THE MASSACHUSETTS GENERAL HOSPITAL SCHOOL OF NURSING
and
THE MASSACHUSETTS REHABILITATION HOSPITAL

The Massachusetts General Hospital School of Nursing requests the privilege of utilizing the facilities of the Massachusetts Rehabilitation Hospital for a selected number of students during their two First Year Nursing Courses during the 1978-1979 school year.

GENERAL PLAN

We request placement of two instructors with 4-6 students for experience four days per week on two clinical units (Massachusetts Rehabilitation Hospital 7 and 9).

Term I - (Nursing 171) - October 16, 1978 - February 9, 1979

4 days per week - Monday, Tuesday, Thursday, Friday
(using Wednesday when there is a holiday week)

Hours - 7:30 a.m. - 12 noon

Term II - (Nursing 172) - February 19, 1979 - July 13, 1979

4 days per week - Monday, Tuesday, Thursday, Friday
(using Wednesday when there is a holiday week)

Hours - 7:30 a.m. - 2:30 p.m.

Each student has two consecutive days of clinical experience per week (one group on Monday and Tuesday; the other Thursday and Friday). There are three planned clinical rotations per year; one in the first course and two during the second course. The weeks of October 16, 1978, February 19, 1979, and May 21, 1979 are therefore orientation weeks.

Vacation weeks and other weeks during which students will not be scheduled for clinical experience include the following:

November 20, 1978
November 27, 1978
December 18, 1978
December 25, 1978
January 1, 1979
February 5, 1979
February 12, 1979
April 30, 1979
July 16, 1979

During the third clinical rotation (June - July) we should like to request weekend experience. This experience would be scheduled for approximately two to three students on Saturday or Sunday (seven hours per day) on each clinical area we shall be utilizing. Weekend experience will be scheduled from the week of May 28, 1979, through the week of July 2, 1979. During weekend experience the student is expected to function with increasing independence, therefore the student is expected to relate directly with the team leader or primary nurse. There will be no clinical instructor on duty Saturday and Sunday. Clinical assignments will be prepared by the instructor on the preceding Friday.

From the educational experience and competence with it, there shall be close planning between the nursing staff of the Massachusetts Rehabilitation Hospital and the instructors of the Massachusetts General Hospital School of Nursing. Conferences shall be arranged, periodically, to evaluate the learning experience.

The Massachusetts General Hospital School of Nursing shall assign one member of its instructional staff to act as a liaison with the Director of Nursing, Massachusetts Rehabilitation Hospital. Mrs. Margaret Day, Director, First Year Nursing will be the liaison person during the 1978-1979 school year.

The liaison faculty member will send the names of instructional staff and students to the Massachusetts Rehabilitation Hospital prior to their assignment there.

The responsibility for instruction and supervision of the assigned students shall remain with the Massachusetts General Hospital School of Nursing.

The responsibility for maintenance of the reported standards of patient care shall remain with the nursing service of the Massachusetts Rehabilitation Hospital.

Individual student assignment shall be planned by the Director of the Massachusetts General Hospital School of Nursing in conference with the appropriate nurses of the Massachusetts Rehabilitation Hospital. Medical history and laboratory data shall be arranged by the Director and the appropriate persons of the Massachusetts Rehabilitation Hospital.

The Massachusetts General Hospital School of Nursing is responsible for the health supervision of the student nurses. Notice of student illness should be given to the appropriate person at the Massachusetts Rehabilitation Hospital. In general, times and emergency treatment will be given at the Massachusetts General Hospital. If it is necessary to provide such care at the Massachusetts Rehabilitation Hospital, the Massachusetts General Hospital School of Nursing should be notified.

When assigned to the Massachusetts Rehabilitation Hospital the men and women students will wear the standard school uniform with name pin and I.D. badge from the Massachusetts General Hospital. When students remove the jacket when giving direct patient care. White laboratory coats worn over appropriate street dress may be worn when students go to the unit to prepare for clinical assignments. (I.e. - to obtain assignment, read patient records.)

The Massachusetts Rehabilitation Hospital shall provide:

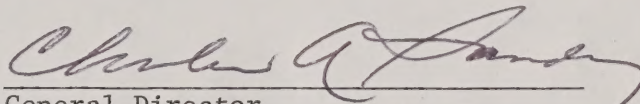

1. Orientation of incoming students and instructors to the facilities and major policies and procedures of the hospital.
2. Use of conference rooms and library facilities, as available. The Massachusetts General Hospital School of Nursing instructor shall request and arrange for their use with the appropriate person.
3. The dining room facilities shall be available at no fee and lunch times, on a cash out of pocket basis to the student nurses and family members of the Massachusetts General Hospital School of Nursing.

REVIEW OF AGREEMENT

This agreement, when signed, shall remain in effect for one year. Before the end of the school year 1978-1979, the Director of the Massachusetts General Hospital School of Nursing and the Director of Nursing, Massachusetts Rehabilitation Hospital shall review the year's experience and arrangements, and make plans for the succeeding year.

Dear Ms. Dragone:

I am writing to confirm what we had previously discussed in our meetings over the past year, i.e., that, as our last clinical rotation begins (Monday, May 21, 1979) for the Massachusetts General Hospital School of Nursing First-Level Nursing students, we are forced to discontinue utilizing the facilities of your institution for clinical experience.

We have come to this decision with mixed emotions, since we regret that not more of our students could have an opportunity for the experiences that are unique to your institution and so extremely important in aiding them to meet the objectives we have established for beginning learners. As I mentioned to you in our last meeting, however, we have lost one and will lose another faculty member shortly. Even with student attrition rate we are simply unable to provide coverage for all the clinical areas we should like to use.

Once again we should like to express our appreciation for your ongoing support of our efforts throughout the past few years in providing a receptive and adaptable environment to meet the varied needs of our program goals. It has been a very positive relationship for our faculty and students.

Sincerely yours,

Margaret L. Sipe, Chairperson

Mrs. Eunice Dragone, Director of Nursing
Massachusetts Rehabilitation Hospital
125 Nashua Street
Boston, Massachusetts 02114

Dear Mrs. Dragone:

As this school year comes to a close, and with it, the last freshman class to be enrolled in the Massachusetts General Hospital School of Nursing diploma program, we wish to extend our thanks and appreciations to you and your predecessors at the Massachusetts Rehabilitation Hospital in providing valuable clinical experiences for our freshmen students over the past seven years.

We have been grateful for your assistance and support and the flexible and generous manner in which you have planned with us and implemented the clinical practice. Miss Brady and Mrs. Sipe have spoken appreciatively of your dedication to the highest standard of nursing and the consideration shown for our staff and students in fostering a climate for good patient care and learning.

While we shall not have freshmen students enrolled in the diploma program after July 1979, plans are evolving for the three year M.S. program in Nursing for non nurse baccalaureate graduates which will be one of several programs in health fields which will be conducted under the auspices of the Education Division of the Massachusetts General Hospital.

While details of the curriculum remain to be developed by the faculty who will be appointed, I did want to let you know of the progress to date and of the possibility that the faculty in the future will be seeking to negotiate agreements for clinical experiences for the students in the new program. The earliest date would be for the September 1980-September 1981 school year and we would be most appreciative if you would keep this in mind.

We regret that we cannot be more specific at this time, but as plans develop further, the appropriate faculty will be in touch with you to consider possible future agreements with the Massachusetts Rehabilitation Hospital for nursing student clinical practice.

In the meantime, we thank you for your consideration, graciousness and cooperation these past years. Your and your staff have contributed much to our program.

Sincerely yours,

Natalie Petzold
Director of the School of Nursing

Dear Miss Petzold:

I am sorry Massachusetts General Hospital is phasing out its diploma program in the School of Nursing.

Through the years we always have found your students to be outstanding in their approach to various clinical experiences in our rehabilitation setting. We hope they have benefited from experiences here in a manner which will enable them to make valuable contributions to the profession.

However, we are not surprised that Massachusetts General continues to set the pace in meeting the strenuous demands of your constantly changing and growing profession and plans to institute a three year M.S. Program in Nursing.

→ Our administration looks forward to continuing our relationship and to assisting you and your faculty in providing clinical experiences which will continue to contribute to one of the fastest growing and maturing professions in the health care field.

Sincerely,

J. Spaulding
